

# Custom Enclosure Design and Assembly Services

Quality wiring, products, workmanship, and service at accelerated turn times.

## Custom Enclosures Designed for Your Needs

SEL offers custom enclosures, accessories, and metal parts with top-quality wiring, terminals, products, workmanship, and service at accelerated turn times. Typical delivery will be four weeks from receipt of purchase order to shipment.

SEL integrates multiple pieces of equipment (from SEL and other vendors) into a single enclosure or cabinet, enabling one-stop shopping for parts and labor with a quick turnaround time. Every end product is designed, assembled, wired, and tested to your specifications. SEL can also help you with your low-volume enclosures or specialty metal parts.

Two SEL-2411 Programmable Automation Controllers, two SEL-2725 Five-Port Ethernet Switches, SEL-9321 Low-Voltage DC Power Supply, SEL-2401 Satellite-Synchronized Clock, heater, fuses, terminal blocks, FT-1 switches, and a fiber patch panel in a dual-door cabinet.

SEL-451 Relay, SEL-9321 Low-Voltage DC Power Supply, SEL-2401 Satellite-Synchronized Clock, fiber patch panel, FT-1 switch, fuses, heater, and terminal blocks in a dual-door cabinet.

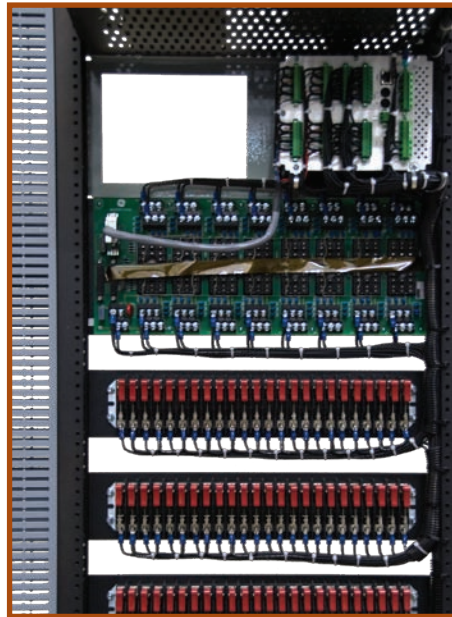

# Custom Enclosure Design and Assembly Services

Quality wiring, products, workmanship, and service at accelerated turn times.

*Enclosures, cabinets, test racks, accessories, and metal parts customized for your application.*

## Simple Ordering and Consistent End Products

SEL creates a single part number for each design, simplifying customer ordering. Wiring tables, schematics, and photos are archived so that every order is consistently duplicated. Each order includes as-built drawings to depict the final installed configuration.

## Standard Offerings for Accelerated Delivery

Typical delivery will be four weeks from receipt of purchase order to shipment. For fastest delivery cycle, SEL offers standard enclosures that can be customized to meet your unique specifications. SEL can also accommodate requests for enclosures with other sizes, materials, and features.

Size	Material	Single Door	Dual Door	Swing Panel	19-Inch Rack	Removable Connector Panel	Wall Mount	Pole Mount	Station Mount
18" H x 16" W x 8" D	Fiberglass			X			X		
22" H x 18" W x 13.5" D	Stainless Steel	X		X			X	X	
22" H x 18" W x 13.5" D	Painted Steel	X		X			X	X	
33" H x 17" W x 13.5" D	Stainless Steel	X				X	X	X	
33" H x 17" W x 13.5" D	Painted Steel	X				X	X	X	
30" H x 24" W x 16.6" D	Stainless Steel		X		X	X	X	X	
30" H x 24" W x 16.6" D	Painted Steel		X		X	X	X	X	
33" H x 24" W x 14.73" D	Stainless Steel	X		X		X	X	X	X
33" H x 24" W x 14.73" D	Painted Steel	X		X		X	X	X
